*As Chairman of the Burdekin Shire, I extend a welcome to competitors, visitors, and local citizens to the AUSTRALIAN SOLO CHAMPIONSHIPS being conducted at Pioneer Park on the 5th and 12th January, 1985.*

*I congratulate the owner/promoter Brian Hodder for his enterprise in convincing the Australian Speedway Control Council to hold their Australian Championships on this excellent speedway track. Being a local, visitors may consider I am parochial in my support of Pioneer*

*Park for these Championships, but, I am sure that competitors will leave this district knowing they have competed to the best of their ability on a track which is recognised as one of the best in the world.*

*Along with my family, I have attended several successful meetings at this Park. One thing that impresses me from attending speedway is the spirit of competition, the professionalism of presentation and good sportsmanship which exists amongst competitors.*

*The Burdekin Area is very well catered for with the provision of community, cultural and recreational facilities. In the week that our visitors are here, I hope they take the opportunity to inspect these facilities. Our sporting and recreational facilities in this Shire compare favourably with facilities in larger centres of the State. These facilities have been provided through the dedication and hard work of local organisations, Local Government and individuals - an example of a community working together. In this regard, Brian Hodder has played an important part in providing speedway facilities for the followers of this sport.*

*In conclusion, I hope that visitors and competitors will return to the district at some time in the future and in leaving our area I hope you take with you fond memories of your stay in the Burdekin.*

## PROMOTER'S MESSAGE.

A very warm welcome is extended to everyone to this, the first ever staging of the Australian Solo Titles at Pioneer Park Speedway.

The acquisition of these National Titles fulfills for me, the lifelong dream of presenting to the North Queensland public Australia's best riders, in competition which determines true champions.

History for Pioneer Park is now in the making, and I am pleased that you, the sporting public, can share with me the ever lasting memories that these classic events will spawn.

To all visiting officials, pit crews, and fans - a special welcome. Many of you have travelled vast distances to sample our renowned Northern Hospitality. I hope you have a most enjoyable stay with us!

To all the riders — the very best of luck — go for it — your World Final goal is in sight! Ride fast, hard, and clean in the true spirit of our wonderful sport — you can be sure this crowd will respond to your performances. I wish you incident free racing in both contests.

I extend my very sincere thanks to my own officials, staff, competitors, sponsors, advertisers and supporters whose never ending faith in Pioneer Park has made our image what it is today and has certainly made possible the staging of these events — I am deeply indebted to your support and encouragement.

In conclusion, I wish you all happiness and prosperity for 1985, and trust that you may have safe, comfortable journeys to your respective homes.

MUSIC: J.V.G. .... DANCING ... LIGHT SUPPER ... 84 SEASON TROPHY PRESENTATIONS

RENEW OLD FRIENDSHIPS .... MAKE NEW ONES !

A WONDERFUL NIGHT OUT FOR THE WHOLE FAMILY --- COVER CHARGE \$5.

Ayr and Home Hill are on opposite banks of the Burdekin River. These two towns are eleven kilometres apart and depend on sugar for their economy. The Burdekin Bridge (known as the Silver Link) was completed in 1958 at a cost of around \$6 million. 1097 metres in length, it is of unique construction because of the absence of solid bottom in the river bed.

The Silver Link with the old Railway Bridge in the foreground.

The production of rich has grown steadily since the first crop was harvested in 1968. Sufficient water is the limiting factor. Rice grown in the area is exported to Suva, the United Kingdom, and Hong Kong.

Only completed within the last year or so, the BURDEKIN THEATRE located in the centre of Ayr between Green and Graham Streets is the cultural pride of the Burdekin. Approached from across a paved forecourt, the theatre has a capacity of 530.

Places of interest....don't miss Ashworths fascinating display of opals, gems, minerals, fossils, and jewellery with a historical museum just on the northern side of Home Hill. There is also the Nature Display at 119 Wilmington Street, Ayr. This display now houses about 60,000 specimens. A map of Australia mounted on a wall consists of 3,860 beetles made up of three common types found in the Burdekin. Good picnic spots can be found at Hutchinson's Lagoon and Alva Beach from Ayr or Groper Creek through Home Hill.

# THE HISTORY OF PIONEER PARK SPEEDWAY.

The ambition and desire to promote speedway in the Burdekin first stirred in local canefarmer Brian Hodder way back in 1970. A dedicated follower of the sport for most of his adult life, the addiction was churning inside him and relentlessly pushing him to 'do something.' And so he did, slowly, surely and perfectly. Many disappointments were suffered initially in procuring a suitable site but these were soon to be forgotten when this ideal location was purchased by Brian in 1971. The dream of Pioneer Park Speedway was conceived and it's birth was imminent!

The pulsating heart of speedway - the track - was the first and greatest challenge. No doubt was left in anyone's minds that this was indeed going to be - Supercircuit. Calling on years of experience in farming and earthworks, Brian meticulously commenced and progressed through painstaking hours of planning, scraping, levelling and filling. Some 24 months later and the heart was beating!

The construction of pits area, amenities blocks and official tower were next in the dream, followed by the complex and highly expensive track lighting.

Whilst these major projects were underway the magnificent grounds we see today were also being prepared. Countless hours of faithful fertilising and irrigation saw the bare paddock transformed into an acreage of beauty.

At last! 1974, and the motors roared for the first time. April 13th that year saw the grand opening, and Pioneer Park took it's first steps that would soon grow into giant strides as the promotion and the deeds of it's competitors became known throughout the Speedway world.

Now, looking back on ten years of continual action at Pioneer Park, Brian Hodder can justifiably be proud of his achievements. Reflecting on the visits of British Test Teams, European and Australian internationals, Interstate and Intrastate teams and stars, and the breeding and blooding of so many past and present polished performers on his track, it is a nostalgic Hodder who declares 'the worry and effort was well worth it.'

So, on behalf of everyone, congratulations Brian Hodder on your crowning achievement - the Australian Solo Championships - and thank you for your unsurpassed contribution to sport and entertainment in this community.
